Dear Josh,

I am about to leave

for Europe — go to Sydney on Thursday.

My current itinerary lists arrival at Madison on Tuesday 19 Nov & departure from there to Minneapolis early on Thursday 21 Nov, if plane bookings can be made. (as I am sure they can).

I hope that I will be able to see you & Esther there. I & all my colleagues enjoyed your visit here immensely.

With best wishes

Address to 30 Oct.

In a request to Rockefeller f funds for
the development of theoretical virology in
my department I have taken the liberty of
saying that you might be able to give an
independent judgement on the facilities &
men we have, if asked. I hope you don't
mind.

To refresh your memory I enclose a
copy of my submission to Kevin.
